

Animated Demo

The demo is available on line at www.fastraksolutions.co.uk/toolbox/demo_animated.html - Simply visit the location, see a little background information and click on your area of interest to get an interesting insight into the application. See below a very small example of what to expect within the demonstration – We recommend you visit now to get the full impact.

The first slide features the Fastrak Solutions logo and the tagline 'Inspiring operational excellence'. It includes text about system design for various organizations and a key selling point: 'less than £5 per review per employee'. A question at the bottom reads, 'I like the idea BUT what are the costs?'. A 'Play Audio' button is visible.

The second slide also features the logo and tagline. It describes the application's role in staff development and includes a world map with icons representing different locations. A question at the bottom reads, 'I can't do every review BUT accept my responsibility to make it happen.' A 'Play Audio' button is also present.

Navigation within the demo is via clicking on your area of interest as categorised by a selection of appropriate questions

- I like the idea but what are the costs?
- I know what education is needed but how do I identify who best to deliver it?
- Development reviews are being done but can we get more from them?
- I believe in the process but I wonder what our employees think?
- We do reviews but how do I improve content and consistency?
- Our staff are important but how do we start to convince them of this?
- Sounds interesting but I wonder how it could work for us?
- We are applying lots of effort towards staff development but what's the impact?
- I can't do every review but accept my responsibility to make it happen

This slide features the Fastrak Solutions logo and tagline. It includes text about identifying training needs during the review process. A key feature is highlighted: 'view a screenshot demonstration of the system process'. A question at the bottom reads, 'I know what education's needed BUT how do I identify who best to deliver it?'. A 'Play Audio' button is visible.

Selecting to view a *screenshot demonstration* provides further animated information

The first screenshot shows a window titled '1 2 3 solutions' with a 'close' button. It explains that reviewers select up to 5 development objectives, which are linked to a skill set. A dropdown menu shows 'Adding Skills' selected.

The second screenshot shows a window titled '1 2 3 solutions' with a 'close' button. It states that chosen areas are transferred to the next section for training allocation. A dropdown menu shows 'Support and teaching from report' selected.

The third screenshot shows a window titled '1 2 3 solutions' with a 'close' button. It displays a list of 'Discounted Training Providers [0]'. The first provider listed is 'AMFC Training' with details:
